LannaSoftWorksCompany  
LTD

Lanna SoftWorks Company, Ltd was formed in 2005 in Chiang Mai, Thailand as an alternative to existing offshore software development organizations.

Lanna SoftWorks provides high-quality, low-cost development services to the international business community. By combining on-site veteran U.S. software development experts with local development labor Lanna SoftWorks provides the clients with **the best of both worlds**; best practice software development methodologies and the experience to implement them along with high-energy, highly-creative local talent at local wage rates.

## Job Position

## Project Manager

### Job Description

We are looking for **Project Manager** to be responsible for all aspects of the development and implementation of software projects and programs from the design process through a finished state for internal/external customers. Project Management tasks include:

- Provide a single point of contact for projects.
- Take projects from original concept through final implementation.
- Define project scope and objectives.
- Plan and direct schedules as well as project budgets.
- Monitor the product/program/project from initiation through delivery, interfacing with customer on all matters.
- Develop detailed work plans, schedules, project estimates, resource plans, budgets, and status reports.
- Coach and mentor agile team members and provide constructive feedback. Willing to serve as Agile Project manager on multiple teams in parallel.

### Job Requirement

- Experience in managing software development projects
- Experience in Agile Software Development
- Strong problem-solving skill, with a logical, analytical approach to work
- Ability to understand technical issues at high-level
- Ability to bridge gaps and communicate effectively between cross-functional teams
- Able to work under tight schedules
- Good teamwork and willing to learn new technologies
- Strong written and verbal communication skills
- Excellent command of spoken and written English is an absolute must for this position
